

TREE LEAFS AVAILABLE TO BE LASER ETCHED

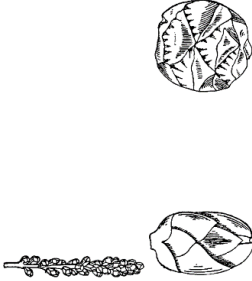

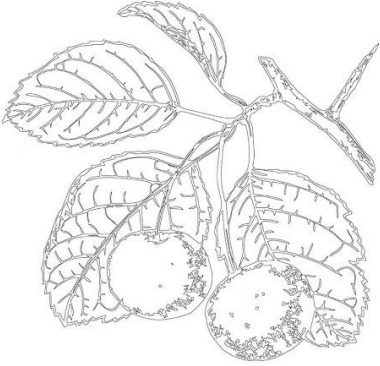

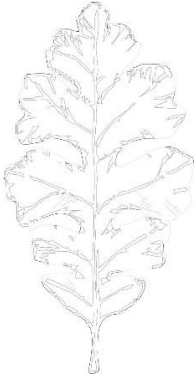

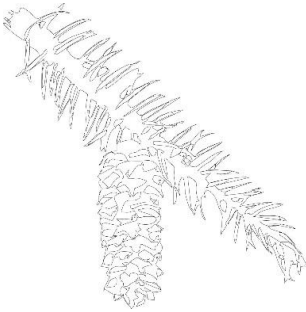

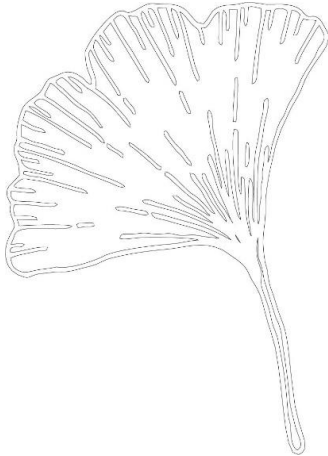

The following images are available to use on your tree and plant tags. If you don't see one you like, then you can send us your own image to use. Images will be sized to fit your tag size and layout.

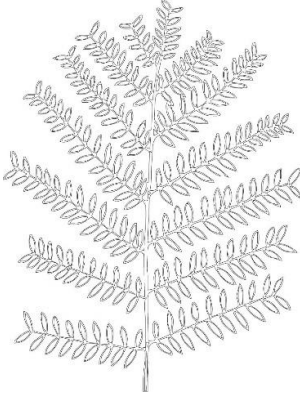

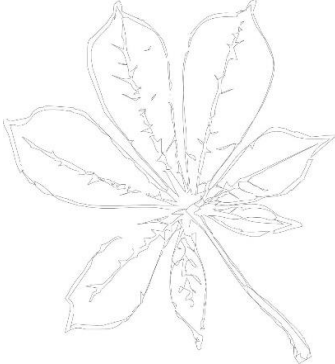

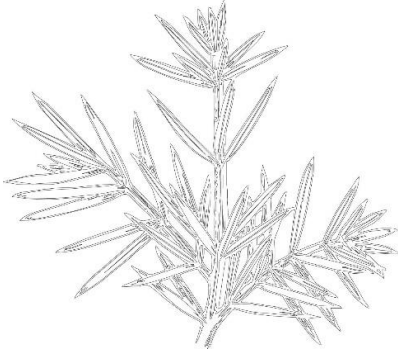

When filling out your Data Tool Template to send us your information, in the column of the "Option" you want to be the image below, you will enter the Indicator Symbol in that column. (Please note that capitalization does matter). If you are sending us your own image, leave this column blank.
